AN ISO 9001 : 2008 CERTIFIED ORGANISATION  
NAAC ACCREDITED GRADE "A"  
(REVISED CRITERIA POST APRIL 2007)  
AFFILIATED TO THE UNIVERSITY OF JAMMU.

### BACKGROUND

Teachers have always played a pivotal role in the enlightenment of human societies through the process of education and contributed to their development.

All societies make provision for continuous professional development of teachers in order to help them to contribute maximally to their development. The teacher education programmes are determined mostly by the changing educational and social realities of a given society. The teacher education system in our country has changed significantly over the years; from a totally unorganized voluntary activity to devoid of truly scientific methodologies.

It is universally acknowledged that education is an effective means for social reconstruction and to a great extent it offers solutions for economic, social, cultural, political, moral, ecological and educational problems faced by the societies. Since, the teachers play a major role in educating children; their own education becomes a matter of vital concern. The challenge of renewing and revamping teacher education is ongoing and never-ending process. Teacher education in the technotronic age is facing new challenges to cope up with unprecedented levels of certainty and change. The challenge before the teacher education is not only to cope up with the changes but also to excel in the society.

The question is how the teacher education will acquire the qualitative aspects in present scenario in order to deliver needed fruits ? This question raises a multitude of issues. Keeping this in mind, KCS College of Education (Women), Jammu has decided to organize the National Seminar on "Teacher Education in India: Challenges and Initiatives" on March 22-23 in the campus of KCS College of Education (Women), Opposite Janipur Police Station, Paloura, Jammu - 181121.

### ABOUT THE INSTITUTION

KCS College of Education is working under the aegis of Kalamkari Centre Society, a Registered Society (1983) under the Societies Registration Act. The main objectives of the Society are to empower women, both urban and rural, with education, health, skill development and such like activities that would enhance their socio-economic well being.

In 1985, a Women's Polytechnic was started for imparting knowledge in various trades like Textile Designing, Fashion Designing, Computers, Architecture and Interior Decoration.

In 2000, a B.Ed. course was started for women only, which is affiliated with the University of Jammu. Though the College has not a long history, yet it is dedicated to train the pupil-teachers in such a way that they develop the spirit of commitment, hard work, innovative capacity and creative bent of mind.

The College is located at a distance of 8 kms. From University of Jammu in a two - acre campus with over 38,600 sq.ft. of covered area.

The college is also running M.Ed course. The college has two libraries with blend titles of a value of over 10 lac. The libraries are fully automated with bar-coding of books. They are linked to DELNET with inter-library loan facility, through Internet. The college has 5 e-classrooms with 65 computers, LCD screens and Multimedia projectors. The college has Wi-Fi facility across the campus for easy access to internet. The college has well equipped laboratories for science, psychology and a fifth generation interactive language lab. All the staff members and students are covered by Medical Insurance.

The College has been ISO 9001: 2008 certified and accredited by National Assessment and Accreditation Council (NAAC) with Grade "A" under their updated stringent methodology post April 2007 which is the highest grade in the J&K State in both the Public and Private sectors.

### CALL FOR PAPERS

The seminar invites teacher educators from colleges and universities, DIET teachers, researchers and management members of teacher training institutions to provide innovative papers with the original thinking on the following sub-themes :

- Overcoming challenges in Teacher Education in India.
- Enhancing Qualitative Aspects of Micro and Macro Teaching.
- Comprehensive Continuous Evaluation - Proposed Initiative on Teacher Education.
- Total Quality Management in Teacher Education.
- Knowledge Management - Its Access and Delivery.
